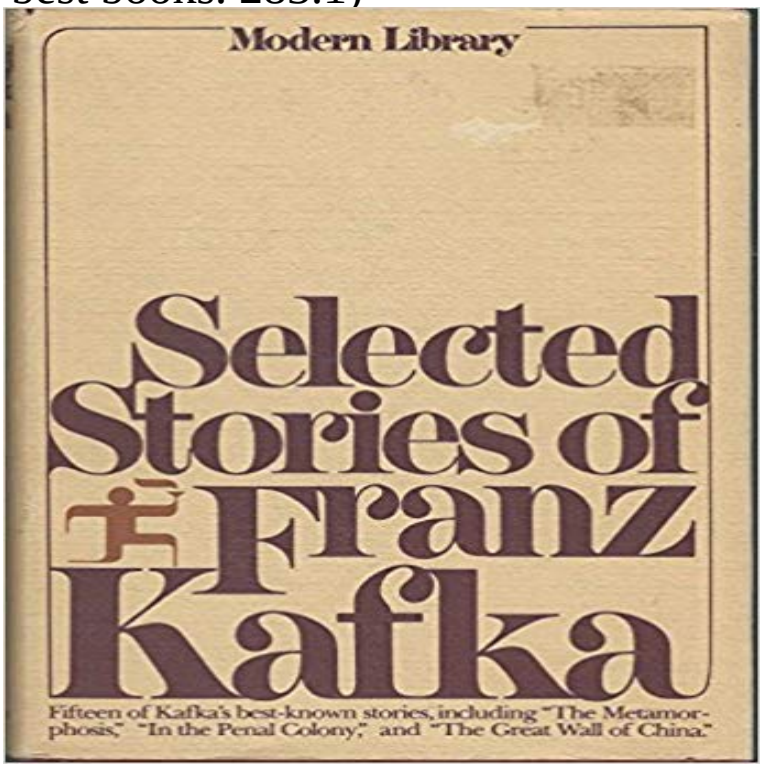
Selected Short Stories of Franz Kafka (The Modern library of the worlds best books. 283.1)



The Complete Stories of Franz Kafka is a compilation of all Kafkas short stories. With the exception of Kafkas three novels (The Trial, The Castle and Amerika), this collection includes all of Kafkas narrative work. The book was originally edited by Nahum N. Glatzer and published by Schocken Books in 1971. It was reprinted in 1995 with an introduction by John Updike. The collection includes all the works published during Kafkas lifetime, with the exception of The Stoker which is usually incorporated as the first chapter of his unfinished novel Amerika. Some of the stories included in the book are fragmented or in various states of incompletion. Most of the stories are translated by Willa and Edwin Muir, with occasional translations by Tania and James Stern.
