

Apocalypse with a Side of Grilled Spam - Season One (The Strangelets Series)

Soldiers, scientists, and rednecks take on biomechanical aliens in a fight to take back a post-apocalyptic America when Amazon Bestselling author Michael Angel presents a brand sci-fi serial: The Strangelets Series. After the original short story spent 24+ months on Amazon's Top 100 Lists, *Strangelets with a Side of Grilled Spam: Season One* takes us through the entire post-apocalyptic saga. The search for the mysterious subatomic particle called the strangelet has led to the destruction of the world as we know it. A supercollider accident cracks open thousand-mile rifts in space-time and unleashes a massive electromagnetic pulse (EMP) that burns out electronics across the Earth. Millions of biomechanical aliens cross the gap between worlds and begin a massive attack. Later, survivors would call the aliens steelies and the event Day Zero. Lieutenant MacWilliams and Private Graves survive the initial invasion wave that hits at Fort Bragg, North Carolina. MacWilliams, commanding officer, orders him to evade the enemy and protect physics Professor Norbett. The three men cross a shattered America in a souped-up Humvee while rallying what survivors remain with their daily radio reports. Three years go by until the group gets their first ray of hope. MacWilliams comes across something that could turn the tide at a refugee settlement set inside the Kansas Big Box Mart outlet store. It falls to him and his crew to get the word out across a land choked with post-apocalyptic wreckage and teeming with deadly alien monsters. They face a journey full of steelie hunter-killers, vision-shrouding sand storms, and nightmare plains turned to radioactive slag by nuclear fallout. And at the end looms their final confrontation with a horde of aliens set to wipe out what's left of the human species! Reviews for the Strangelets Series. Edgy and entertaining! - Kevin J. Anderson, New York Times Bestselling

Author of The Saga of Seven Suns...A slam-bang science fiction story! - Dean Wesley Smith, USA Today Bestselling Author***This 110,000 word novel contains all four Episodes of the Strangelets Series.
