

Crimson Shadow: The Longest Night

They say that those who do not learn from the past are doomed to repeat it. Xander and Estella Stryker have faced a great deal in their pasts, but as the newlywed clan leaders look out at the cheering faces of their fellow vampires and other mythos allies, their histories are the furthest things from their minds. After all, they've got a future to plan for and a honeymoon to enjoy. But the darkest histories have a way of repeating themselves, and one of the Stryker family's darkest, most well-hidden ones is ready to be heard once again. Now, with their honeymoon delayed, a would-be business trip turns into a hellish fight for survival. Separated and hunted by a ruthless, unstoppable creature, the lovers' horrifying past is relived as they find themselves dragged into a mission that began before they were even born. Their futures going to have to wait, because if they can't learn from the past their longest night could quite possibly become their last.
