

Square: A Mystery Suspense Novel (Episode Two) (Square series Book 2)

The second novella in a brand new revenge quadriology. They beat him. They broke him. They stabbed him. They murdered him. If they did that to your loved one, would you forgive them? Or would you get Square? Tony Green was recently released having served a four-year prison sentence for murder. With the support of a loving fiancée he attempts to prevent the next generation from following in his own footsteps. But old habits die hard, and the allure of the underworld is hard to resist. Although Tony may be paying back his debt to society, he is about to discover other debts are not so easily repaid. From the writer who brought you the Blood Memory series and Z-Minus comes this tale of revenge, retribution and regret. If you were denied justice would you dispense your own? SQUARE. Let redemption begin. Interview with the Author Q So, what makes the Square series so special? A At the time I wrote Square, every week there seemed to be a story in the news about some young hooligan having murdered an innocent bystander, or someone who stood up to bullies but got punished for it. Often the deaths were by accident, or a sudden release of anger in a fit of rage. The murderers were invariably sent to prison for unbelievably short terms. Seeing that made me angry, so I began to write a story. But as I kept writing, and the characters kept speaking to me, I realised the murderers themselves were also victims - if not of a crime, then of society. At its heart, Square is about change and redemption, and explores the question that if we are denied justice, is it right that we seek out our own? The story became a psychological suspense/thriller with a sense of mystery and a series of twists that keep the reader guessing. Q - What made you decide to give the first book away free? A I wanted to gift a free book to everyone who enjoys the horror genre. Im a new

writer and its great knowing that someone out there is reading and enjoying my novel. There's no greater feeling than that. By the way, there's also a special free gift at the end of the free book for mystery fans :) Q - Can readers get the whole series in one go? A - Of course. I've bundled all the episodes up into one complete season at a hugely discounted rate here: <http://www.amazon.com/Square-Mystery-Suspense-Complete-Season-ebook/dp/B00NA8Q0PI> I have also written many other books.
