

Fall Out Girl

Imagine a social outcast: Me. (Luna) Imagine a popular boy: Him. (Caleb) Sound like the characters of a cliché story, right? Here, hold my hand. Come away with me. I'll tell you my story, and you'll decide. But I have a warning: Proceed at your own risk. Since it's a snippet of my life, I'm one of the main characters. And to put it lightly, I'm not the most likable person in the world, cue the earned label. Also, unlike fairy tales, my story is real with a dash of sorrow and loss. How do I start? Once upon a time? Shoot me now, please. The beginning? No, too boring. Well, let's start with the catalytic moment that set in motion a chain of events that changed my life, yet again. As for a happily ever after? Sorry, no spoilers here. You're going to have to figure that one out on your own. After you read my tale, it becomes yours, and as such, you're entitled to your interpretation. So, off we go! Fasten your seat belts. This ride may get bumpy. **AUTHORS NOTE:** Due to strong language and graphic sexual content, this book is not intended for readers under the age of 18.
