

William Shakespeare: The Complete Works

The second Oxford edition of Shakespeares Complete Works reconsiders every detail of their text and presentation in the light of modern scholarship. The nature and authority of the early documents are re-examined, and the canon and chronological order of composition freshly established. Spelling and punctuation are modernized, and there is a brief introduction to each work, as well as an illuminating and informative General Introduction. Included here for the firsttime is the play The Reign of King Edward the Third as well as the full text of Sir Thomas More. This new edition also features an essay on Shakespeares language by David Crystal, and a bibliography of foundational works.

The Oxford Shakespeare has 679 ratings and 45 reviews. Bram said: Reflecting on the oeuvre of Shakespeare, I cant shake a perverse idea: the Bard is undRead The Complete Works of William Shakespeare (Special Editions) book reviews & author details and more at .
