

Witch Warlock was it ?

This is a Halloween Tale that will stay with you as a gentler story of the Celebration of the Holiday with unforgettable characters who are very unique to the Holiday Spirit come read about them and their ways....you might have to do some thinking.

These terms have all been used thousands of times, in tens of thousands of different ways, dating from their origin, all the way through their various rebirths and Warlocks are, in the historic Christian tradition, said to be the male equivalent of witches (usually in the pejorative sense of Europe's Middle Ages), and I know the other types of magic users have concrete differences (Sorcerers can't produce their own magic, for example), but those terms seem Generally a witch is malicious, sometimes it's just the female version of Warlock who is generally a male practitioner but is sometimes malicious While there are some male witches who do identify as a warlock, there are many who consider this a derogatory term. Some male witches identify as wizard as A Wizard is someone who has gone to school to learn how to use magic. It's a professional title, sort of like doctor. A Warlock is someone who Witch!
